About the student panel awards

Who is eligible to enter?

All graduate, apprenticeship and school leaver employers or their agencies may submit a nomination. Submitted work should have been live during the period 1 September 2015 to 30 September 2016 (unless otherwise stated).

How are the awards judged?

All student panel awards are shortlisted and judged exclusively by undergraduates and school students, making the TARGETjobs National Graduate Recruitment Awards a truer reflection of recruiters' standing with their audience.

When entries close on **Friday 20 January 2017**, we will host an independently adjudicated judging process in which carefully selected final-year undergraduates, apprentices and school-leavers shortlist and select winners for each category. Their decision is final and neither GTI, the adjudicators nor the student panel will enter into any correspondence on the decisions made.

In addition to the student panel awards there are sector awards, which are voted for by students in a national poll administered by our research partner trendence, and the Graduate Employer of the Year Award, which you can enter if you are shortlisted in January.

What are the judging criteria?

Each award has specific judging criteria, which are outlined under each category in this pack. Please follow these criteria as these will directly correspond to the points awarded by the student judges. Please do not exceed the stated word count for each criteria.

How do I submit an entry/entries?

1. Complete an online booking form stating the category or categories you wish to enter.
2. Each award category has an online written submission form for you to complete.
